

RINSE AID

BIODEGRADABLE RINSE ADDITIVE DRYING AGENT

PRODUCT USE:

RINSE AID is a concentrated liquid drying agent for controlled injection into the final rinse in spray type dish washing machines. It is a non-foaming, non-ionic surface active chemical drying agent.

ADVANTAGES:

- Glassware comes out clear, bright and sparkling.
- China glistens.
- Metal surfaces are spotless and film free.
- Costly handling and unsanitary hand towelling are eliminated and breakage is reduced.
- Bottlenecks and tie-ups commonly found at the exit of the ware washing machine are avoided.
- Plastics dry in seconds.
- Biodegradable.

PRODUCT DESCRIPTION:

Form:	Liquid
Colour:	Green
Foam:	None
Odour:	None
Biodegradable:	Yes

DIRECTIONS FOR USE:

Under average conditions **RINSE AID** is injected at less than one part per 10,000 parts rinse water. **RINSE AID** contains no ingredients harmful to the injection equipment, the washing machine or the surface being washed. Reduced surface tension causes water droplets to form a continuous water film that sheets off leaving a spot and streak free surface. Plastics dry in seconds.

Ref. No. 01/24

PRECAUTIONS:

- Keep out of reach of children.
- Contains non-ionic surfactants.
- Harmful if swallowed.
- Protect skin, eyes and mucous membranes from contact with this product and solutions of it. It may cause irritation.

FIRST AID:

External:	In case of contact with skin or eyes, flush with plenty of cool running water for at least 15 minutes. Get medical attention if needed.
Eyes:	Immediately flush eyes with plenty of cool running water for at least 15 minutes. Get medical attention.
Internal:	If swallowed, immediately drink a large quantity of water. Do not induce vomiting. Get medical attention. FORMULA CONTAINS NO PHOSPHORUS!
